CAPITAL COMMISSION ABOUT NAMED

ON TODAY OR TOMORROW GOV. HASKELL APPOINTS STATE CAPITAL COMMISSION.

TWO YEARS FOR COMPLETION

A Million and a Half Dollars Is Estimated Cost of Oklahoma's New Capital.

Oklahoma City, June 27.—"I shall appoint the state capital commission Tuesday or Wednesday," said Gov. C. N. Haskell Monday night, when asked as to his probable appointments of the men who will have charge of the capital to be erected in Oklahoma City. The chief executive refused to say who he would appoint but it is generally and authentically understood that the commission will be composed of Judge J. B. A. Robertson, of Chandler, Tate Brady of Tulsa, and Judge J. T. Dickerson of Chickasha.

Judge Dickerson was in Oklahoma City last Friday in conference with the governor and Judge Robertson and Mr. Brady are in Oklahoma City now, making final arrangements to move here.

Probable Commissioners.

Judge Robertson was formerly district judge in eastern Oklahoma, and was a candidate for governor, withdrawing last week. He is one of the leading lawyers of the state, and a substantial business man.

Mr. Brady, of Tulsa, is present national committeeman. He has been active in democratic politics for a number of years and a friend to Governor Haskell.

Judge Dickerson of Chickasha was a member of the western territorial regime. He is a brother-in-law of former Governor Hoch of Kansas, and one of the leading republican

jurists and politicians in the southwest.

All three men are highly fitted for the positions for which they may be chosen, and Oklahoma should have the best state capitol building in the land.

Just as soon as the commission is officially announced it will take up its work immediately. The site will first be selected, then surveyed and the lots sold.

It is the intention of Governor Haskell and the commission to use as much Oklahoma material in the construction of the capital as possible. A great deal of granite from Granite, Okla., will be used. Home labor will be given preference.

Work Fast.

The commission will work as fast as possible, and it is the opinion of the best informed men concerning building of the capital that it will be completed ready for occupancy within two years.

"I doubt whether \$1,500,000 will erect as good a capital as Oklahoma should have," said one enthusiastic capital man Monday.

The capital of Texas cost \$3,000,000 and Kansas about \$2,000,000 and other states in accordance. Several of the states have spent as much as \$4,000,000 for their statehouses.

A number of business men, who have investigated the capital proposition, believe with \$1,500,000 and by economizing and using home material and labor, a splendid capital can be built.

Killed by Lightning.

Guymon, Ok., June 27.—While O. B. Shirley was stacking wheat for John Burch a bolt of lightning killed him instantly. He was working seven miles south of town when the fatal shock occurred. Mr. Burch was unloading a large barge at the time and was severely shocked, although not dangerously. The stack of wheat was recovered from the fire. Shirley was 38 years old and leaves a wife and six children.

MURDERER BATTLES WITH TROOPS

GEORGIA MAN DEFIES LAW AND MILITIA TO THE LAST MINUTE.

KILLS THREE OFFICERS

Declaring He Would Never Be Taken Alive, Bostwick Surrendered Only to Death.

Irwinville, Ga., June 27.—Casualties of the battle with W. H. Bostwick, the Georgia desperado, are as follows:

The dead:

J. P. McInnis, sheriff, Irwin.

STEVE DAVIS, chief of police, Oscilla.

DEPUTY SHERIFF SHEFFIELD, Irwin.

W. H. BOSTWICK, victim of shots fired into his home.

The injured:

James Gill, seriously wounded in final battle today.

Deputy Sheriff T. C. Bass, arm broken and shot in abdomen.

Deputy Sheriff Wyatt Tucker, injured slightly.

Defiant to the Last.

Fanatically defiant even while the shadows of death closed around him and volley after volley from the new Springfield rifles of two state militia companies made a sieve of the walls of his humble cottage. W. H. Bostwick, the white desperado who murdered three officers of the law and the serious wounding of three others, paid the penalty of death shortly after 5 o'clock this morning. He succumbed to many wounds received from volleys fired into the building and in the night by a mob of militia, which began an attack after 4 o'clock this morning.

Heroic Work of Sheriff.

Almost at the same moment Sheriff J. P. McInnis of Irwin county, who was wounded yesterday while making a desperate attempt to remove a wounded fellow-officer from the range of Bostwick's deadly fire, expired.

James Gill, another officer was added to the list of wounded during the early morning fusillade, but it is believed he will recover.

Surrounded by his six little children whom he held prisoners almost to the end of the siege, Bostwick, who had declared the intention of dying rather than submit to arrest on the charge of attempting to murder his brother-in-law because of a dispute growing out of the settlement of his wife's estate, fought the battle to the last ditch, and not once did a word or sign of surrender pass his lips or appear in the expression of his determined features.

Knowing that death was near, the desperate man finally permitted the fear-stricken children to leave the house, but the children, remembering the harrowing experiences of the night, still held their father in such fear that they would not reveal one incident of the night even after they were under the protection of the military officers.

The battle of last night was one of the bloodiest and most picturesque in the history of the state.

Battle Begun Sunday Morning.

The affair began Sunday when an officer went to arrest Bostwick. He stood off the officer and said he would not ever be taken alive. At 2 o'clock Sunday afternoon Sheriff McInnis and a posse went after him. As the officers approached the house Bostwick opened fire. Chief of Police Davis and Deputy Sheriff Sheffield dropped dead and Sheriff McInnis and two other deputies fell, badly wounded.

A new posse was formed and another attack made, but the men learned that Bostwick had abundant arms and ammunition and appealed to the governor for troops. Gov. Brown and Adj. Gen. Scott ordered two companies to Oscilla. The Fitzgerald guards were the first military company to appear on the scene.

Soldiers Fire Volley.

Bostwick still refused to surrender or to permit the children to leave the house and Capt. Delang ordered his men to fire a volley into the roof of the cottage, following which another demand for surrender and release of the children was made on Bostwick, who replied with a shot

from one of the three weapons with which he was armed. Then came another volley from the soldiery, which caused Bostwick to ask that the lives of the children be not endangered.

Children Run from House.

The children were finally induced to run from the house and the cross fire between the besieged man and the soldiers continued at intervals until the arrival of another company of troops.

A rush upon the building was then made from all directions. The doors were broken open and Bostwick was found upon the floor dying.

Immediately following Bostwick's death a coroner's jury was impaneled to investigate the tragedy. The verdict was that Bostwick killed himself in order to prevent being captured. Whether he died from self-inflicted wounds or received the wounds during the night may never be known.

WATERS-PIERCE CASE UP AGAIN TODAY

Defendant Trying to Show That They Are in No Way Violating the Law.

Enid, Ok., June 27.—The case against the Waters-Pierce Oil Company whereby Attorney General West is seeking to enjoin the defendant from doing business in Oklahoma came up today before Judge Garber of the District Court on continuance.

The defendant again presented a motion for a continuation and affidavits from numerous managers and agents relative to the conduct of its business, endeavoring to show that it is in nowise violating the laws of the state.

Arguments on the motions to continue and on the admission of the affidavits consumed the time of the court all day, and the case was adjourned until tomorrow.

Prof. J. A. Craig Appointed.

Guthrie, Ok., June 27.—Prof. John A. Craig, formerly of the Oklahoma Experimental Station at Stillwater, has been designated by the federal department of agriculture for research work in the wool and sheep industry throughout Southern states, with headquarters in San Antonio. Prof. Craig has a ranch near that city.

1907-08 ELECTION LAW IN EFFECT

Registration Not Required Only in Cities of the First Class.

Oklahoma City, Ok., June 27.—The 1907-08 election law of Oklahoma is in effect and that registration is not required except in cities of the first class is held by Will Linn, secretary of the state election board. The ruling was brought out today by the receipt of a circular of instructions being distributed by the election board of Adair county, in which it was held that registration was necessary in every voting precinct of the county. The 1910 election measure has yet to be referred to the people, according to Linn, and it therefore did not repeal the 1907-08 statute.

175 Feet Brick Front.

Construction is progressing rapidly on the 175 feet frontage of brick and concrete business buildings on East Main and West 12th. Those buildings are the Odd Fellows 25 by 100 feet, two stories, R. S. Tobin's 50x100, two stories, Mayor L. J. Little and Lee Daggs 50x100 feet, two stories, all on west 12th street and County Commissioner John D. Rinard's 50x100 feet one story, East Main street.

ROWDY STUDENTS ARE FINED.

Only Defense Offered by Young Germans Was Excessive Drinking.

Berlin, June 27.—The result of the trial of a number of Bonn students who were charged with rowdy conduct endangering life, is that fines of from \$7.50 to \$20 have been inflicted on the thirteen students incriminated. The only defense the students had to offer was that they were so drunk they did not know what they were doing. The lightness of the punishment has excited great dissatisfaction among the bourgeois classes, who see in it an undue favoring of the aristocracy.

of March 3, 1879.

An ignorant ballot is a dangerous ballot. As dangerous in kind as the bomb of the anarchist is the ballot of the illiterate voter. In a land where men have died for popular government we dare not put a weapon into the hands of incompetents to destroy the results of years. No one would argue that any nation should be governed by an illiterate king yet in our politics where every citizen is a sovereign there are uncounted thousands of voters whose only knowledge of the ballot is of the emblem on its face. Such illiteracy is a weakening of government. It subtracts from intelligent administration and insures to our nation a weakened enforcement of law.

The negro race is to all intents and purpose an ignorant and vicious race. What has made the race thus ignorant and vicious we are not to suggest. We are discussing conditions not causes. The grave condition that confront our electorate is a race devoid of sufficient enlightenment to use a ballot intelligently, when that ballot represents at all times the emblem of sovereignty. What can be the future of popular government when there are thousands of illiterate voters, the ballot of any one being sufficient to nullify the ballot of our most intelligent statesman?

If the negro is capable of self-government then the history of the ages is a repetition of lies. From Ramesses to Roosevelt no negro nation has ever been given to the world. The dynasty. It has never produced a single warrior. It has never bred a single statesman. It has never formed or known a government of any character and the only authority it has ever acknowledged has been the authority of some alien race.

Cherokee Has Good Rains.

Cherokee, Ok., June 27.—A good general rain over this county today made for the year an ideal crop condition. It came just at the time growing corn needed moisture and fell just as harvest of wheat was finished. The wheat harvest has been the most remarkable in the history of Oklahoma. The first load of 1910 threshed wheat was marketed here Saturday. It tested sixty-four pounds and made an average yield of thirty-eight bushels to the acre. A number of fields in the salt Fork Valley have produced forty bushels. The wheat yield the county over will be in excess of thirty bushels to the acre. The rain of today will make the third crop of alfalfa ready for cutting in a week and in the county over five crops will be cut this year.

ON PAVEMENT

Gets Up and Walks Away Not Hurt
Only Bruised a Little.

Spokane, June 28.—David Danielson, 20 years of age, who fell from the top of the new Morrison theater building here, a distance of 172 feet, without serious injury on June 17, has returned to work on the structure. Danielson tripped over a coil of rope on the roof and pitched headlong to the pavement, where he landed in a wheelbarrow. Before those who saw the descent could rush to his aid, he arose to his feet and walked to the office of Dr. Stanley H. Titus, where he calmly stretched out on an operating table to ascertain the extent of his injuries. A cursory examination showed that no bones were broken, and when Danielson learned this he walked to his sister's home and invited her to dinner in a restaurant, where he did justice to a meal that would satisfy two men of ordinary appetite. Danielson says the gash over the left eye is the only thing that caused pain, adding that the sensation of the hurried flight through space amply repaid the after inconvenience by reason of a closed optic.

"My Daddy Is a Grand Old Man."

Spokane, Wash., June 27.—"My Daddy Is a Grand Old Man," was the spirit of special sermons by several pastors in Spokane churches on the occasion of Fathers' Day, June 19, and many endorsed the movement, originated by Mrs. J. B. Dodd of this city, by wearing red roses in their coat lapels. Mayor Nelson S. Pratt declined to issue a proclamation, calling upon the residents of Spokane to observe the day, giving as his reason that he has no desire to stand sponsor. "Besides," he added, "we already have enough special days." This, however, did not deter Mrs. Dodd in her ambition. She broached the plan to a number of ministers of the gospel and others, asking: "With all due respect to mother, what is home without a father?" The answer came full and strong: "Come to think of it, we're some pumpkins after all. We've been overlooked for many years. Let's take our light from under the bushel. We'll celebrate! We'll have a real holiday." They did and in doing they placed dad upon a high pedestal, not head of the house, king for a day. Mrs. Dodd is working to extend the movement all over the nation.

TUPELO JURORS RENDER VERDICT OF HEARTFAILURE

State of Oklahoma, Coal County, ss.
An inquisition holden at Tupelo in Coal county on the 24th day of June, 1910, before me, R. E. THREE LIVES LOST ON BURNING STEAMER

The Escape of the 1500 Passengers
Regarded as the Greatest Miracle
in the Annals of Mississippi
Navigation.

LaCrosse, Wis., June 26.—Three persons lost their lives and almost three score were injured in the destruction by fire of the Acme Packet company's excursion steamer J. S. south of Victory and Genoa, 24 miles from LaCrosse, on the Mississippi river, late last night.

Fifty are estimated to have received cuts and bruises of minor nature. The escape of all but a handful of the 1,500 passengers who thronged the decks of the big boat when fire broke out, is regarded as the greatest miracle in the annals of the upper Mississippi. Prompt work by the crew and by cool-headed passengers in controlling the frantic passengers, is all that prevented hundreds of people from jumping into the river in mid-stream. Mrs. Emma Randall of New Albion, Ia., was the only one who broke through the guard on the edge of the decks, and 20 men had arms outstretched to grasp her when she plunged into the water. Her body has not yet been recovered.

John Plane was locked in the hold for disorderly conduct and in the excitement no one thought to release him. His body is undoubtedly in the river bottom with the steamer, which sank after burning to the water's edge.

HOW WE SHOULD CELEBRATE THE FOURTH

The question today is, how should the Fourth of July be celebrated? The manner in which it is celebrated, many declare, is not in entire keeping with the spirit of the day nor the comfort and pleasure of the majority of citizens.

Those who would reform the manner of celebration say the day should be kept not so much in remembrance of the feats of American arms as for the spirit of liberty and progress. It should be a true festival without forgetting the claims of the young; gatherings at which the progress made in all lines during the past year could be reviewed. There should be oratory and speeches in every community with an effort to make the celebration more like the early ob-

There should be no processions, but they should be less military in character than formerly. And, quite as important, there should be no monster concerts and entertainments where nobody has a good time, but divers assemblages where everyone can enjoy himself.

The day should be ushered in with martial music and sufficient military display to be in keeping with the spirit of the occasion, but orations, feasts and banquets, exercises for children and public gatherings should be the real features of the celebration. In the evening there should be fireworks, the less noisy and the more spectacular the better.

When the day is celebrated in this way there will be no occasion for people of refined taste and sensitive nerves to leave the city to escape the noise and crowds, say the reformers. In fact, the celebration just proposed will attract rather than disperse them. And if Maxim's new noiseless gun is adopted there is no reason why the problem of a safe sane sane Fourth cannot be solved for all time.—Ex.

You appreciate how uncomfortable the kitchen is these warm days? It will be worse as you advance further in the summer. Why not use electricity and be cool? You can cook, bake, operate your sewing machine, wash and iron. In fact, there is nothing which cannot be accomplished with electricity that is accomplished by either gas or an ordinary range. It is odorless, no heat, no smoke simply press the button and we do the rest.

HUNDREDS DIE OF PLAGUE

Among the Enlightened Neighborhood
the Death Rate Low Because of
Proper Sanitation.

El Paso, Tex., June 27.—An epidemic of smallpox has been raging in the district of Ouzumba, northern Chihuahua, Mexico, for several months, and the people have been dying by the hundreds. This has been known for some time, but the extent of the epidemic was not known until today, when the people made an appeal to the governor at Mexico City for medical officers and soldiers to enforce quarantine laws. The Mormon colonies are located in this region, but not a single Mormon has died, showing the results of proper treatment and sanitation, for many Mormons have had the disease during the epidemic.

THREE BIG CONCRETE BUILDINGS FOR TOWNSEND

Greenville Man Will Probably Let Contract Today or Tomorrow.

F. J. Phillips of Greenville, Tex., will soon erect three big concrete buildings on his lots on Townsend between the Allen livery barn and the Haynes hardware building. It is reported the contract will be let either today or tomorrow. Doubtless Mr. Lassater, the compress superintendent will supervise the construction of the buildings, which will be a great improvement to that part of the city. Mr. Phillips is already closely identified with the financial interest of Ada, owning good real estate lots and business houses, besides his interests in Choctaw Cotton Oil Co. and First National bank stock.

MISS KATZ WEBS IN OKLAHOMA CITY TODAY

One of Ada's Most Popular Young Ladies Won by Prominent Young Merchant of Corpus Christi, Texas.

Miss Bessie Katz, accompanied by her father and mother, Mr. and Mrs. Ben Katz left yesterday afternoon for Oklahoma city where Miss Katz will be married to Mr. Theodore Kaplan of Corpus Christi, Tex. The wedding will occur this afternoon at six o'clock in the Lee-Huckins hotel. From Oklahoma City the happy couple will depart on their honeymoon, going to Kansas City, St. Louis, Chicago Minneapolis and New York City. From New York they will go to Corpus Christi to make their home.

Miss Katz will be greatly missed in social circles in Ada. Corpus Christi's gain is Ada's loss.

REV. STUBBLEFIELD BELIEVES LAW CAN BE ENFORCED

Refers to Two Classes, One Who Wants Enforcement, the Other Violations; Cites Success of Good Sheriff of Bryan County

There are two classes of people in every community. One class is for law enforcement and for the greatest good to the greatest number. The other class is for self and selfish interest and against being restrained from his interest, regardless of the rights of others.

Some good people are indifferent about voting and using their influence to get good men elected to fill the offices that have to do with law enforcement. The other class, as a rule, are wide-awake and at work to help elect men that will help them in the violation of the law.

We have enough good people to elect good men if all will take an interest and go to work in earnest.

It is argued that we can not enforce the prohibition law. That depends upon the kind of officers we have and the sentiment back of the officers. I lived in Durant eight years and when Clipper Hamilton was elected sheriff, to my personal knowledge, he closed up the open houses that were running in violation of law and caused many of that class of people to leave the town. Proof that he has enforced the law is that the whiskey element is trying hard to keep him from being elected the second time. They are using all kinds of argument against him. Why? Because he has interfered with their business. So it is in our county, the men who are for law enforcement are being misrepresented. Much depends upon the good people getting busy.

C. STUBBLEFIELD.

ADA'S CHAUTAUQUA IS THE BEST

LARGEST AUDIENCES—MOST APPRECIATIVE PEOPLE—EXCELLENT NUMBERS.

THE LAST PROGRAM TONIGHT

Seven Days and Nights of Intellectual Feasting Ends This Evening.

The Chautauqua comes to a close tonight with the De Koven Male Quartet and Hon. I. M. Holcomb on the program. That today's program will be highly entertaining and instructive, something to be enjoyed and appreciated even as the past numbers have is already assured.

Now as to what the Chautauqua has done, the real benefit derived from its having been, that can not be measured in dollars and cents. However it has been a great success and consequently a good advertisement for the town. From the platform two of the lecturers, the most experienced and the best have said that the audiences were the largest they have met in Oklahoma.

That the Chautauqua spirit will grow, there is no doubt, till it will be said that Ada not only gives the largest audiences in Oklahoma but as large as found anywhere in the South. Every number has been a good one, every man and woman if not a genius, at least an artist. The music, readings, recitals, and lectures have been ennobling, inspiring and uplifting, and cannot but leave a lasting impression for the good.

Yesterday afternoon, while the weather was somewhat warm, the Chautauqua patrons were out on time to hear the Columbia orchestra and were loud in their praise of this company, not only because the program was good, the music real music, but because the talent was Oklahoma talent that places Oklahoma on equality with other states and countries.

Col. G. A. Gearheart's lecture bristled with eloquence and logic, poetry and persuasion in which he pictured the coming man as one who will be honored and respected for what he gives humanity and not for what he takes from them, leading his audience to realize that there are greater achievements for the man and the woman in the future, greater possi-

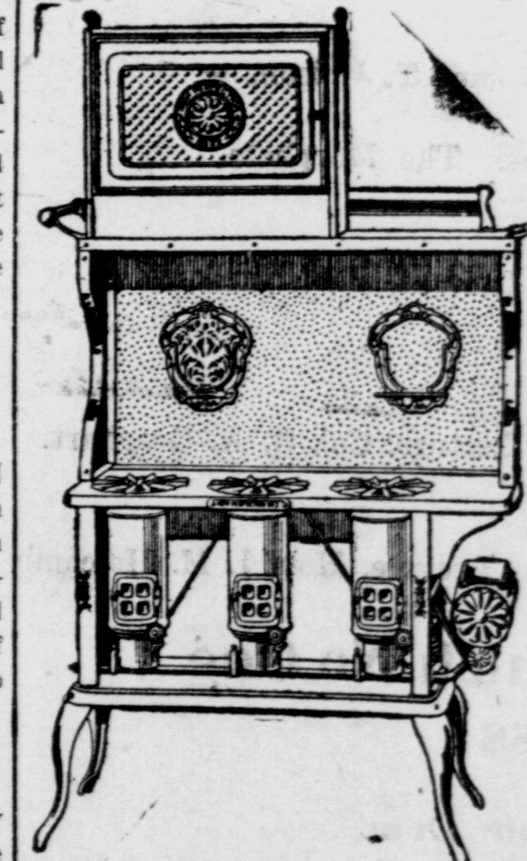

Wants to Start a Creamery.

Jos. A. Zettell, the new proprietor of the Purity Ice Cream company, informs us that if he can interest a sufficient number of farmers in the project, it is his intention to install an up-to-date creamery in Ada. In other localities where the cream separator has taken its place alongside of the other machinery of the farm, the creamery has become one of the paying industries, run to the profit of both the town and the farm. There is no question but that, where a market is provided, the cow is one of the paying assets of the farm. The News wishes Mr. Bettell success in this new venture.

THREE BANDITS HOLD UP TRAIN

Robb Every Passenger of Valuables and Some Are Given Beatings.

Ogden, Utah, June 27.—The Ogden Short Line passenger train No. 1 was held up at Five Points early this morning and every passenger on the train was robbed of valuables.

The robbers boarded the train at Ogden and held up the passengers soon after the train left the city limits. The rear brakeman was shot at twice, but he escaped injury.

A woman was badly beaten and an unknown man, a foreigner, was also severely beaten. The bandits, three in number struck down every one who offered the slightest resistance.

The express messenger was compelled to give up his keys and the express car was searched. One of the robbers remarked that they knew there was no money in the car, but that they would make a search anyhow.

Sheriff Wilson and posse are now in pursuit of the robbers.

BURGLAR BINDS AND GAGS YOUNG WOMEN

After Getting Jewelry and Money, Releases Victims and After Thanking Them Says Good Night.

Oklahoma City, Ok., June 27.—A burglar entered the room in a flat occupied by two young ladies, bandaged their mouths with strips of a pillowcase, tied their hands to the bed post and spent an hour ransacking their belongings in search of valuables.

He found two diamond rings, one pearl ring, two gold watches and \$25 in money. He left the room at 3 a. m. after releasing the young women, thanking them for remaining quiet and bidding them goodnight. He was masked, and has not been identified.

The young women are nearly prostrated by the shock. They are the daughters of a wholesale merchant.

A FIRE IN ROFF YESTERDAY

Dr. Meredith Loses Barn, Hay and Grain—Has a Horse Scorched by Flames.

Sheriff Smith reports an exciting fire at Roff yesterday which destroyed Dr. Meredith's barn, his hay and grain stored there and came very near burning up one of his horses.

How the fire originated is not known, when seen by Mr. Smith the flames were well under way. He gave the alarm, the fire department and citizens rushed to the scene in time to prevent further spread of the fire. The barn with its store of hay and grain was burned to ashes in short time and a horse came very near being burned alive, being badly scorched before it could be rescued. Dr. Meredith's loss is probably about \$500.

NEVER LET IT BE SAID THAT YOU DID NOT SEE A SINGLE NUMBER OF ADA'S FIRST CHAUTAUQUA.

The Chautauqua program will be concluded this (Tuesday) evening, when the De Koven Orchestra will appear, after which, there will occur a lecture by the Honorable I. M. Holcomb.

Last afternoon the Columbian orchestra appearance constituted the program and at night following a prelude by the Columbian Orchestra there occurred a lecture by the distinguished Col. G. A. Gearhart.

All who have not as yet acquired tickets for the program this evening may secure the same at Ramsey Drug Co.'s store or from the door keeper at the city hall.

If you have not as yet attended the Chautauqua you are strongly urged to do so, for not only will your money's worth be forth coming, there will as well be the agreeable consciousness that duty has been done and the educational and Ada co-operation spirit upheld.

DISCRIMINATING LADIES.

Enjoy Using Herpelide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpelide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpelide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpelide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpelide Co., Detroit, Mich.

THE COLUMBIAN ORCHESTRA.

Satisfactory Appearance; One of the Members, Young Musical Genius, Charlie Chauncey of Ada.

The Columbia Orchestra constituting the Chautauqua program for Tuesday afternoon and in prelude to the lecture of Col. G. A. Gearhart Tuesday evening played to responsive appreciative audience on both occasions.

While the gentlemen constituting the Columbia Orchestra appear to be quite young men, they possessed all the attributes of the trained, cultured professional orchestra. There was especial appreciation of the Columbia Orchestra by the Ada folks since one of its most promising members was Mr. Charlie Chauncey, a popular home boy and the son of Hon. C. M. Chauncey, Grand Secretary of the Grand Lodge I. O. O. F.

Why Salves Fail to Cure Eczema.

Scientists are now agreed that the eczema germs are lodged not in the outer skin, or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A third bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patrons.

Notice to Paving Contractors.

Published June 21st to July 1st inclusive, 1910.

Notice is hereby given that in pursuance of a resolution adopted by the Mayor and City Council of the City of Ada, Oklahoma, on the 20th day of June, 1910, sealed bids will be received at the office of W. B. Jones, City Clerk of Ada, Oklahoma, up to 8 o'clock A. M., Saturday, July 2nd, 1910, and will be considered by the Mayor and Council in the Council Chamber in the city hall building at eight o'clock A. M., on July 2nd, 1910, for the paving, necessary grading, curbing, guttering and draining of Main street from the East line of the M. K. & T. railway right-of-way to the West line of Stockton Ave. to be paved a total width of sixty-eight (68) feet from face of curb to face of curb, and on Main street from the West line of Stockton Ave. to the West line of the St. Louis and San Francisco railway right-of-way to be paved a total width of forty (40) feet from face of curb to face of curb; Townsend Ave. from the North line of Twelfth (12th) street to the North line of the Saint Louis and San Francisco Railway right-of-way, to be paved a total width of fifty-six (56) feet from face of curb to face of curb. Broadway Ave. from the north line of Twelfth (12th) street to the north line of the Saint Louis and San Francisco Railway right-of-way, to be paved a total width of sixty-eight (68) feet from face of curb to face of curb. Each and all of said streets and avenues being in the City of Ada, Okla., and that the material to be used in the paving of the roadway of said street shall be a two (2) inch Rock Asphalt wearing surface with a five (5) inch Portland Cement Concrete foundation and that the necessary grading to be done and catch basins, concrete curbing and guttering and draining to be constructed therefore in accordance with the plans and specifications prepared by the City Engineer and adopted by the Mayor and City Council on the 20th day of June, 1910, and now on file in the office of the city clerk.

Each bid must be accompanied by a certified check in the sum of five (5 per cent) per cent of the amount bid, to be forfeited to the City of Ada, Oklahoma, in case the successful bidder fails to enter into contract and give the required bond within the required time. Contractors will be required to give bond in the sum of price for the material performance of said work, and the holding the City harmless from any and all damages which might occur. The Contractor will also be required to give bond in the sum of ten (10 per cent) per cent of the contract price for the keeping of the paving in a good state of good repair for a period of not less than five (5) years.

Contractor shall receive for the above work Street Improvement Bonds at par value against the abutting property according to House Bill No. 231 of the State of Oklahoma, dated April 17th, 1908, and a certain amendment to said law known as House Bill No. 401, of the State of Oklahoma, dated March 23rd, 1909.

Council reserves the right to reject any and all bids.

NUMBER 72

CAPITAL COMMISSION ABOUT NAMED

ON TODAY OR TOMORROW GOV. HASKELL APPOINTS STATE CAPITAL COMMISSION.

TWO YEARS FOR COMPLETION

A Million and a Half Dollars Is Estimated Cost of Oklahoma's New Capital.

Oklahoma City, June 27.—"I shall appoint the state capital commission Tuesday or Wednesday," said Gov. C. N. Haskell Monday night, when asked as to his probable appointments of the men who will have charge of the capital to be erected in Oklahoma City. The chief executive refused to say who he would appoint but it is generally and authentically understood that the commission will be composed of Judge J. B. A. Robertson, of Chandler, Tate Brady of Tulsa, and Judge J. T. Dickerson of Chickasha.

Judge Dickerson was in Oklahoma City last Friday in conference with the governor and Judge Robertson and Mr. Brady are in Oklahoma City now, making final arrangements to move here.

Probable Commissioners.

Judge Robertson was formerly district judge in eastern Oklahoma, and was a candidate for governor, withdrawing last week. He is one of the leading lawyers of the state, and a substantial business man.

Mr. Brady, of Tulsa, is present national committeeman. He has been active in democratic politics for a number of years and a friend to Governor Haskell.

Judge Dickerson of Chickasha was formerly district judge in the territorial regime. He is a brother-in-law of former Governor Hoch of Kansas, and one of the leading republican

jurists and politicians in the southwest.

All three men are highly fitted for the positions for which they may be chosen, and Oklahoma should have the best state capital building in the land.

Just as soon as the commission is officially announced it will take up its work immediately. The site will first be selected, then surveyed and the lots sold.

It is the intention of Governor Haskell and the commission to use as much Oklahoma material in the construction of the capital as possible. A great deal of granite from Granite, Okla., will be used. Home labor will be given preference.

Work Fast.

The commission will work as fast as possible, and it is the opinion of the best informed men concerning building of the capital that it will be completed ready for occupancy within two years.

"I doubt whether \$1,500,000 will erect as good a capital as Oklahoma should have," said one enthusiastic capital man Monday.

The capital of Texas cost \$3,000,000 and Kansas about \$2,000,000 and other states in accordance. Several of the states have spent as much as \$1,000,000 for their statehouse.

A number of business men, who have investigated the capital proposition, believe with \$1,500,000 and by economizing and using home material and labor, a splendid capital can be built.

Killed by Lightning.

Guymon, Ok., June 27.—While O. B. Shirley was stacking wheat for John Burch a bolt of lightning killed him instantly. He was working seven miles south of town when the fatal shock occurred. Mr. Burch was unloading a large barge at the time and was severely shocked, although not dangerously. The spark of lightning was recovered from the fire. Shirley was 35 years old and leaves a wife and six children.

MURDERER BATTLES WITH TROOPS

GEORGIA MAN DEFIES LAW AND MILITIA TO THE LAST MINUTE.

KILLS THREE OFFICERS

Declaring He Would Never Be Taken Alive, Bostwick Surrendered Only to Death.

Irwinville, Ga., June 27.—Casualties of the battle with W. H. Bostwick, the Georgia desperado, are as follows:

The dead:

J. P. McInnis, sheriff, Irwin.

STEVE DAVIS, chief of police, Oacilla.

DEPUTY SHERIFF SHEPHERD, Irwin.

W. H. BOSTWICK, victim of shots fired into his home.

The injured:

James Gill, seriously wounded in final battle today.

Deputy Sheriff T. C. Bass, arm broken and shot in abdomen.

Deputy Sheriff Wyatt Tucker, injured slightly.

Defiant to the Last.

Fanatically defiant even while the shadows of death closed around him and volley after volley from the new Springfield rifles of two state militia companies made a sieve of the walls of his humble cottage. W. H. Bostwick, the white desperado who observed his last Sabbath by the murder of three officers of the law and the serious wounding of three others, paid the penalty of death shortly after 5 o'clock this morning. He succumbed to many wounds received from volleys fired into the building early in the night by a mob of in-militia, which began an attack after 4 o'clock this morning.

Heroic Work of Sheriff.

Almost at the same moment Sheriff J. P. McInnis of Irwin county, who was wounded yesterday while making a desperate attempt to remove a wounded fellow-officer from the range of Bostwick's deadly fire, expired.

James Gill, another officer was added to the list of wounded during the early morning fusillade, but it is believed he will recover.

Surrounded by his six little children whom he held prisoners almost to the end of the siege, Bostwick, who had declared the intention of dying rather than submit to arrest on the charge of attempting to murder his brother-in-law because of a dispute growing out of the settlement of his wife's estate, fought the battle to the last ditch, and not once did a word or sign of surrender pass his lips or appear in the expression of his determined features.

Knowing that death was near, the desperate man finally permitted the fear-stricken children to leave the house, but the children, remembering the harrowing experiences of the night, still held their father in such fear that they would not reveal one incident of the night even after they were under the protection of the military officers.

The battle of last night was one of the bloodiest and most picturesque in the history of the state.

Battle Began Sunday Morning.

The affair began Sunday when an officer went to arrest Bostwick. He stood off the officer and said he would not ever be taken alive. At 2 o'clock Sunday afternoon Sheriff McInnis and a posse went after him. As the officers approached the house Bostwick opened fire. Chief of Police Davis and Deputy Sheriff Shepherd dropped dead and Sheriff McInnis and two other deputies fell, badly wounded.

A new posse was formed and another attack made, but the men learned that Bostwick had abundant arms and ammunition and appealed to the governor for troops. Gov. Brown and Adj. Gen. Scott ordered two companies to Oacilla. The Fitzgerald guards were the first military company to appear on the scene.

Soldiers Fire Volley.

Bostwick still refused to surrender or to permit the children to leave the house and Capt. Delang ordered his men to fire a volley into the roof of the cottage, following which another demand for surrender and release of the children was made on Bostwick, who replied with a shot

from one of the three weapons with which he was armed. Then came another volley from the soldiery, which caused Bostwick to ask that the lives of the children be not endangered.

Children Ran from House.

The children were finally induced to run from the house and the cross fire between the besieged man and the soldiers continued at intervals until the arrival of another company of troops.

A rush upon the building was then made from all directions. The doors were broken open and Bostwick was found upon the floor dying.

Immediately following Bostwick's death a coroner's jury was impaneled to investigate the tragedy. The verdict was that Bostwick killed himself in order to prevent being captured. Whether he died from self-inflicted wounds or received the wounds during the night may never be known.

WATERS-PIERCE CASE UP AGAIN TODAY

Defendant Trying to Show That They Are in No Way Violating the Law.

Enid, Ok., June 27.—The case against the Waters-Pierce Oil Company whereby Attorney General West is seeking to enjoin the defendant from doing business in Oklahoma came up today before Judge Garber of the District Court on continuance.

The defendant again presented a motion for a continuance and affidavits from numerous managers and agents relative to the conduct of its business, endeavoring to show that it is in nowise violating the laws of the state.

Arguments on the motions to continue and on the admission of the affidavits consumed the time of the court all day, and the case was adjourned until tomorrow.

Prof. J. A. Craig Appointed.

Guthrie, Ok., June 27.—Prof. John A. Craig, formerly of the Oklahoma Experimental Station at Stillwater, has been designated by the federal department of agriculture for research work in the wool and sheep industry throughout Southern states, with headquarters in San Antonio. Prof. Craig has a ranch near that city.

1907-08 ELECTION LAW IN EFFECT

Registration Not Required Only in Cities of the First Class.

Oklahoma City, Ok., June 27.—The 1907-08 election law of Oklahoma is in effect and that registration is not required except in cities of the first class is held by Will Linn, secretary of the state election board. The ruling was brought out today by the receipt of a circular of instructions being distributed by the election board of Adair county, in which it was held that registration was necessary in every voting precinct of the county. The 1910 election measure has yet to be referred to the people, according to Linn, and it therefore did not repeal the 1907-08 statute.

175 Feet Brick Front.

Construction is progressing rapidly on the 175 feet frontage of brick and concrete business buildings on East Main and West 12th. Those buildings are the Odd Fellows 25 by 100 feet, two stories, R. S. Tobin's 50x100, two stories, Mayor L. J. Little and Lee Dagg's 50x100 feet, two stories, all on west 12th street and County Commissioner John D. Rinard's 30x100 feet one story, East Main street.

ROWDY STUDENTS ARE FINED.

Only Defense Offered by Young Germans Was Excessive Drinking.

Berlin, June 27.—The result of the trial of a number of Bonn students who were charged with rowdy conduct endangering life, is that fines of from \$7.50 to \$20 have been inflicted on the thirteen students incriminated. The only defense the students had to offer was that they were so drunk they did not know what they were doing. The lightness of the punishment has excited great dissatisfaction among the bourgeois classes, who see in it an undue favoring of the aristocracy.

An ignorant ballot is a dangerous ballot. As dangerous in kind as the bomb of the anarchist is the ballot of the illiterate voter. In a land where men have died for popular government we dare not put a weapon into the hands of incompetents to destroy the results of years. No one would argue that any nation should be governed by an illiterate king yet in our politics where every citizen is a sovereign there are uncounted thousands of voters whose only knowledge of the ballot is of the emblem on its face. Such illiteracy is a weakening of government. It subtracts from intelligent administration and insures to our nation a weakened enforcement of law.

The negro race is to all intents and purpose an ignorant and vicious race. What has made the race thus ignorant and vicious we are not to suggest. We are discussing conditions not causes. The grave condition that confront our electorate is a race devoid of sufficient enlightenment to use a ballot intelligently, when that ballot represents at all times the emblem of sovereignty. What can be the future of popular government when there are thousands of illiterate voters, the ballot of any one being sufficient to nullify the ballot of our most intelligent statesman?

If the negro is capable of self-government then the history of the ages is a repetition of lies. From Ramesses to Roosevelt no negro nation has ever been given to the world. The dynasty. It has never produced a single warrior. It has never bred a single statesman. It has never formed or known a government of any character and the only authority it has ever acknowledged has been the authority of some alien race.

Cherokee Has Good Rains.

Cherokee, Ok., June 27.—A good general rain over this county today made for the year an ideal crop condition. It came just at the time growing corn needed moisture and fell just as harvest of wheat was finished. The wheat harvest has been the most remarkable in the history of Oklahoma. The first load of 1910 threshed wheat was marketed here Saturday. It tested sixty-four pounds and made an average yield of thirty-eight bushels to the acre. A number of fields in the salt Fork Valley have produced forty bushels. The wheat yield the county over will be in excess of thirty bushels to the acre. The rain of today will make the third crop of alfalfa ready for cutting in a week and in the county over five crops will be cut this year.

ON PAVEMENT

Gets Up and Walks Away Not Hurt Only Bruised a Little.

Spokane, June 28.—David Danielson, 20 years of age, who fell from the top of the new Morrison theater building here, a distance of 172 feet, without serious injury on June 17, has returned to work on the structure. Danielson tripped over a coil of rope on the roof and pitched headlong to the pavement, where he landed in a wheelbarrow. Before those who saw the descent could rush to his aid, he arose to his feet and walked to the office of Dr. Stanley H. Titus, where he calmly stretched out on an operating table to ascertain the extent of his injuries. A cursory examination showed that no bones were broken, and when Danielson learned this he walked to his sister's home and invited her to dinner in a restaurant, where he did justice to a meal that would satisfy two men of ordinary appetite. Danielson says the gash over the left eye is the only thing that caused pain, adding that the sensation of the hurried flight through space amply repaid the after inconvenience by reason of a closed optic.

"My Daddy is a Grand Old Man."

Spokane, Wash., June 27.—"My Daddy is a Grand Old Man," was the spirit of special sermons by several pastors in Spokane churches on the occasion of Fathers' Day, June 19, and many endorsed the movement, originated by Mrs. J. B. Dodd of this city, by wearing red roses in their coat lapels. Mayor Nelson S. Pratt declined to issue a proclamation, calling upon the residents of Spokane to observe the day, giving as his reason that he has no desire to stand sponsor. "Besides," he added, "we already have enough special days." This, however, did not deter Mrs. Dodd in her ambition. She broached the plan to a number of ministers of the gospel and others, asking: "With all due respect to mother, what is home without a father?" The answer came full and strong: "Come to think of it, we're some pumpkins after all. We've been overlooked for many years. Let's take our light from under the bushel. We'll celebrate! We'll have a real holiday." They did and in doing they placed dad upon a high pedestal, not head of the house, king for a day. Mrs. Dodd is working to extend the movement all over the nation.

THREE LIVES LOST ON BURNING STEAMER

The Escape of the 1500 Passengers Regarded as the Greatest Miracle in the Annals of Mississippi Navigation.

LaCrosse, Wis., June 26.—Three persons lost their lives and almost three score were injured in the destruction by fire of the Acme Packet company's excursion steamer J. S. south of Victory and Genoa, 24 miles from LaCrosse, on the Mississippi river, late last night.

Fifty are estimated to have received cuts and bruises of minor nature. The escape of all but a handful of the 1,500 passengers who thronged the decks of the big boat when fire broke out, is regarded as the greatest miracle in the annals of the upper Mississippi. Prompt work by the crew and by cool-headed passengers in controlling the frantic passengers, is all that prevented hundreds of people from jumping into the river in mid-stream. Mrs. Emma Randall of New Alblon, Ia., was the only one who broke through the guard on the edge of the decks, and 20 men had arms outstretched to grasp her when she plunged into the water. Her body has not yet been recovered.

John Plane was locked in the hold for disorderly conduct and in the excitement no one thought to release him. His body is undoubtedly in the river bottom with the steamer, which sank after burning to the water's edge.

HOW WE SHOULD CELEBRATE THE FOURTH

The question today is, how should the Fourth of July be celebrated? The manner in which it is celebrated, many declare, is not in entire keeping with the spirit of the day nor the comfort and pleasure of the majority of citizens.

Those who would reform the manner of celebration say the day should be kept not so much in remembrance of the feats of American arms as for the spirit of liberty and progress. It should be a true festival without forgetting the claims of the young; gatherings at which the progress made in all lines during the past year could be reviewed. There should be oratory and speeches in every community with an effort to make the celebration more like the early observance of the day. They should be less military in character than formerly. And, quite as important, there should be no monster concerts and entertainments where nobody has a good time, but divers assemblages where everyone can enjoy himself.

The day should be ushered in with martial music and sufficient military display to be in keeping with the spirit of the occasion, but orations, feasts and banquets, exercises for children and public gatherings should be the real features of the celebration. In the evening there should be fireworks, the less noisy and the more spectacular the better.

When the day is celebrated in this way there will be no occasion for people of refined taste and sensitive nerves to leave the city to escape the noise and crowds, say the reformers. In fact, the celebration just proposed will attract rather than disperse them. And if Maxim's new noiseless gun is adopted there is no reason why the problem of a safe sane Fourth cannot be solved for all time.—Ex.

You appreciate how uncomfortable the kitchen is these warm days? It will be worse as you advance further in the summer. Why not use electricity and be cool? You can cook, bake, operate your sewing machine, wash and iron. In fact, there is nothing which cannot be accomplished with electricity that is accomplished by either gas or an ordinary range. It is odorless, no heat, no smoke, simply press the button and we do the rest.

HUNDREDS DIE OF PLAGUE

Among the Enlightened Neighborhood the Death Rate Low Because of Proper Sanitation.

El Paso, Tex., June 27.—An epidemic of smallpox has been raging in the district of Ozumba, northern Chihuahua, Mexico, for several months, and the people have been dying by the hundreds. This has been known for some time, but the extent of the epidemic was not known until today, when the people made an appeal to the governor at Mexico City for medical officers and soldiers to enforce quarantine laws. The Mormon colonies are located in this region, but not a single Mormon has died, showing the results of proper treatment and sanitation, for many Mormons have had the disease during the epidemic.

THREE BIG CONCRETE BUILDINGS FOR TOWNSEND

Greenville Man Will Probably Let Contract Today or Tomorrow.

F. J. Phillips of Greenville, Tex., will soon erect three big concrete buildings on his lots on Townsend between the Allen livery barn and the Haynes hardware building. It is reported the contract will be let either today or tomorrow. Doubtless Mr. Lassater, the compress superintendent will supervise the construction of the buildings, which will be a great improvement to that part of the city. Mr. Phillips is already closely identified with the financial interest of Ada, owning good real estate lots and business houses, besides his interests in Choctaw Cotton Oil Co. and First National bank stock.

MISS KATZ WEDS IN OKLAHOMA CITY TODAY

One of Ada's Most Popular Young Ladies Won by Prominent Young Merchant of Corpus Christi, Texas.

Miss Bessie Katz, accompanied by her father and mother, Mr. and Mrs. Ben Katz left yesterday afternoon for Oklahoma city where Miss Katz will be married to Mr. Theodore Kaplan of Corpus Christi, Tex. The wedding will occur this afternoon at six o'clock in the Lee-Huckins hotel. From Oklahoma City the happy couple will depart on their honeymoon, going to Kansas City, St. Louis, Chicago Minneapolis and New York City. From New York they will go to Corpus Christi to make their home.

Miss Katz will be greatly missed in social circles in Ada. Corpus Christi's gain is Ada's loss.

REV. STUBBLEFIELD BELIEVES LAW CAN BE ENFORCED

Refers to Two Classes, One Who Wants Enforcement, the Other Violations; Cites Success of Good Sheriff of Bryan County

There are two classes of people in every community. One class is for law enforcement and for the greatest good to the greatest number. The other class is for self and selfish interest and against being restrained from his interest, regardless of the rights of others.

Some good people are indifferent about voting and using their influence to get good men elected to fill the offices that have to do with law enforcement. The other class, as a rule, are wide-awake and at work to help elect men that will help them in the violation of the law.

We have enough good people to elect good men if all will take an interest and go to work in earnest.

It is argued that we can not enforce the prohibition law. That depends upon the kind of officers we have and the sentiment back of the officers. I lived in Durant eight years and when Clipper Hamilton was elected sheriff, to my personal knowledge, he closed up the open houses that were running in violation of law and caused many of that class of people to leave the town. Proof that he has enforced the law is that the whiskey element is trying hard to keep him from being elected the second time. They are using all kinds of argument against him. Why? Because he has interfered with their business. So it is in our county, the men who are for law enforcement are being misrepresented. Much depends upon the good people getting busy.

C. STUBBLEFIELD.

Notice to Property Owners.

All property owners in the city of Ada are hereby ordered to have all weeds and other obnoxious growth on their premises cut and burned. Also their premises must be cleared of all rubbish. If this order is not obeyed by July 6th, the city will have same done and charged against the property owners.

OKLAHOMA'S NEW DISCOVERY

Who Surely Says That Cough.

ADA'S CHAUTAUQUA IS THE BEST

LARGEST AUDIENCES—MOST APPRECIATIVE PEOPLE—EXCELLENT NUMBERS.

THE LAST PROGRAM TONIGHT

Seven Days and Nights of Intellectual Feasting Ends This Evening.

The Chautauqua comes to a close tonight with the De Koven Male Quartet and Hon. I. M. Holcomb on the program. That today's program will be highly entertaining and instructive, something to be enjoyed and appreciated even as the past numbers have is already assured.

Now as to what the Chautauqua has done, the real benefit derived from its having been, that can not be measured in dollars and cents. However it has been a great success and consequently a good advertisement for the town. From the platform two of the lecturers, the most experienced and the best have said that the audiences were the largest they have met in Oklahoma.

That the Chautauqua spirit will grow, there is no doubt, till it will be said that Ada not only gives the largest audiences in Oklahoma but as large as found anywhere in the South. Every number has been a good one, every man and woman if not a genius, at least an artist. The music, readings, recitals, and lectures have been ennobling, inspiring and uplifting, and cannot but leave a lasting impression for the good.

Yesterday afternoon, while the weather was somewhat warm, the Chautauqua patrons were out on time to hear the Columbia orchestra and were loud in their praise of this company, not only because the program was good, the music real music, but because the talent was Oklahoma talent that places Oklahoma on equality with other states and countries.

Col. G. A. Gearheart's lecture bristled with eloquence and logic, poetry and persuasion in which he pictured the coming man as one who will be honored and respected for what he gives humanity and not for what he takes from them, leading his audience to realize that there are greater achievements for the man and the woman in the future, greater possibilities.

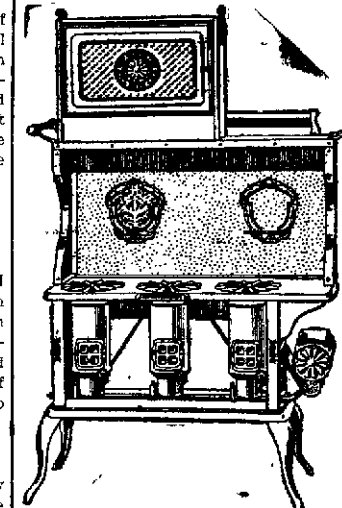

Wants to Start a Creamery.

Jos. A. Zettell, the new proprietor of the Purity Ice Cream company, informs us that if he can interest a sufficient number of farmers in the project, it is his intention to install an up-to-date creamery in Ada. In other localities where the cream separator has taken its place alongside of the other machinery of the farm, the creamery has become one of the paying industries, run to the profit of both the town and the farm. There is no question but that, where a market is provided, the cow is one of the paying assets of the farm. The News wishes Mr. Zettell success in this new venture.

THREE BANDITS HOLD UP TRAIN

Robb Every Passenger of Valuables and Some Are Given Beatings.

Ogden, Utah, June 27.—The Ogden Short Line passenger train No. 1 was held up at Five Points early this morning and every passenger on the train was robbed of valuables.

The robbers boarded the train at Ogden and held up the passengers soon after the train left the city limits. The rear brakeman was shot at twice, but he escaped injury.

A woman was badly beaten and an unknown man, a foreigner, was also severely beaten. The bandits, three in number, struck down every one who offered the slightest resistance.

The express messenger was compelled to give up his keys and the express car was searched. One of the robbers remarked that they knew there was no money in the car, but that they would make a search anyhow.

Sheriff Wilson and posse are now in pursuit of the robbers.

BURGLAR BINDS AND GAGS YOUNG WOMEN

After Getting Jewelry and Money, Releases Victims and After Thanking Them Says Good Night.

Oklahoma City, Ok., June 27.—A burglar entered the room in a flat occupied by two young ladies, bandaged their mouths with strips of a pillowcase, tied their hands to the bed post and spent an hour ransacking their belongings in search of valuables.

He found two diamond rings, one pearl ring, two gold watches and \$25 in money. He left the room at 3 a. m. after releasing the young women, thanking them for remaining quiet and bidding them goodnight. He was masked, and has not been identified.

The young women are nearly prostrated by the shock. They are the daughters of a wholesale merchant.

A FIRE IN ROFF YESTERDAY

Dr. Meredith Loses Barn, Hay and Grain—Has a Horse Scorched by Flames.

Sheriff Smith reports an exciting fire at Roff yesterday which destroyed Dr. Meredith's barn, his hay and grain stored there and came very near burning up one of his horses.

How the fire originated is not known, when seen by Mr. Smith the flames were well under way. He gave the alarm, the fire department and citizens rushed to the scene in time to prevent further spread of the fire. The barn with its store of hay and grain was burned to ashes in short time and a horse came very near being burned alive, being badly scorched before it could be rescued. Dr. Meredith's loss is probably about \$500.

NEVER LET IT BE SAID THAT YOU DID NOT SEE A SINGLE NUMBER OF ADA'S FIRST CHAUTAUQUA.

The Chautauqua program will be concluded this (Tuesday) evening, when the De Koven Orchestra will appear, after which, there will occur a lecture by the Honorable I. M. Holcomb.

Last afternoon the Columbian orchestra appearance constituted the program and at night following a prelude by the Columbian Orchestra there occurred a lecture by the distinguished Col. G. A. Gearhart.

All who have not as yet acquired tickets for the program this evening may secure the same at Ramsey Drug Co.'s store or from the doorkeeper at the city hall.

If you have not as yet attended the Chautauqua you are strongly urged to do so, for not only will your money's worth be forth coming, there will as well be the agreeable consciousness that duty has been done and the educational and Ada co-operation spirit unbuilded.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Effectiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later, baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE COLUMBIAN ORCHESTRA.

Satisfactory Appearance; One of the Members, Young Musical Genius, Charlie Chauncey of Ada.

The Columbia Orchestra constituting the Chautauqua program for Tuesday afternoon and in prelude to the lecture of Col. G. A. Gearhart Tuesday evening played to responsive appreciative audience on both occasions.

While the gentlemen constituting the Columbia Orchestra appear to be quite young men, they possessed all the attributes of the trained, cultured professional orchestra. There was especial appreciation of the Columbia Orchestra by the Ada folks since one of its most promising members was Mr. Charlie Chauncey, a popular home boy and the son of Hon. C. M. Chauncey, Grand Secretary of the Grand Lodge I. O. O. F.

Why Salves Fail to Cure Eczema.

Scientists are now agreed that the eczema germs are lodged not in the outer skin, or epidermis, but in the inner skin, hence, a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A third bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patrons.

Notice to Paying Contractors.

Published June 21st to July 1st inclusive, 1910.

Notice is hereby given that in pursuance of a resolution adopted by the Mayor and City Council of the City of Ada, Oklahoma, on the 20th day of June, 1910, sealed bids will be received at the office of W. B. Jones, City Clerk of Ada, Oklahoma, up to 8 o'clock A. M., Saturday, July 2nd, 1910, and will be considered by the Mayor and Council in the Council Chamber in the city hall building at eight o'clock A. M., on July 2nd, 1910, for the paving, necessary grading, curbing, guttering and draining of Main street from the East line of the M. & T. railway right-of-way to the West line of Stockton Ave. to be paved a total width of sixty-eight (68) feet from face of curb to face of curb, and on Main street from the West line of Stockton Ave. to the West line of the St. Louis and San Francisco railway right-of-way to be paved a total width of forty (40) feet from face of curb to face of curb; Townsend Ave. from the North line of Twelfth (12th) street to the North line of the Saint Louis and San Francisco Railway right-of-way, to be paved a total width of fifty-six (56) feet from face of curb to face of curb. Broadway Ave. from the north line of Twelfth (12th) street to the north line of the Saint Louis and San Francisco Railway right-of-way, to be paved a total width of sixty-eight (68) feet from face of curb to face of curb. Each and all of said streets and avenues being in the City of Ada, Okla., and that the material to be used in the paving of the roadway of said street shall be a two (2) inch Rock Asphalt wearing surface with a five (5) inch Portland Cement Concrete Foundation and that the necessary grading to be done and catch basins, concrete curbing and guttering and draining to be constructed therefore in accordance with the plans and specifications prepared by the City Engineer and adopted by the Mayor and City Council on the 20th day of June, 1910, and now on file in the office of the city clerk.

Each bid must be accompanied by a certified check in the sum of five (5 per cent) per cent of the amount bid, to be forfeited to the City of Ada, Oklahoma, in case the successful bidder fails to enter into contract and give the required bond within the required time. Contractors will be required to give bond in the sum of price for the material performance of said work, and the holding the City harmless from any and all damages which might occur. The Contractor will also be required to give bond in the sum of ten (10 per cent) per cent of the contract price for the keeping of the paving in a good state of good repair for a period of not less than five (5) years.

Contractor shall receive for the above work Street Improvement Bonds at par value against the abutting property according to House Bill No. 231 of the State of Oklahoma, dated April 17th, 1908, and a certain amendment to said law known as House Bill No. 401, of the State of Oklahoma, dated March 23rd, 1909.

Council reserves the right to reject any and all bids.

CAPITAL COMMISSION ABOUT NAMED

ON TODAY OR TOMORROW GOV. HASKELL APPOINTS STATE CAPITAL COMMISSION.

TWO YEARS FOR COMPLETION

A Million and a Half Dollars Is Estimated Cost of Oklahoma's New Capital.

Oklahoma City, June 27.—"I shall appoint the state capital commission Tuesday or Wednesday," said Gov. C. N. Haskell Monday night, when asked as to his probable appointments of the men who will have charge of the capital to be erected in Oklahoma City. The chief executive refused to say who he would appoint but it is generally and authentically understood that the commission will be composed of Judge J. B. A. Robertson, of Chandler, Tate Brady of Tulsa, and Judge J. T. Dickerson of Chickasha.

Judge Dickerson was in Oklahoma City last Friday in conference with the governor and Judge Robertson and Mr. Brady are in Oklahoma City now, making final arrangements to move here.

Probable Commissioners.

Judge Robertson was formerly district judge in eastern Oklahoma, and was a candidate for governor, withdrawing last week. He is one of the leading lawyers of the state, and a substantial business man.

Mr. Brady, of Tulsa, is present national committeeman. He has been active in democratic politics for a number of years and a friend to Governor Haskell.

Judge Dickerson of Chickasha was a member of the western territorial regime. He is a brother-in-law of former Governor Hoch of Kansas, and one of the leading republicans

jurists and politicians in the southwest.

All three men are highly fitted for the positions for which they may be chosen, and Oklahoma should have the best state capitol building in the land.

Just as soon as the commission is officially announced it will take up its work immediately. The site will first be selected, then surveyed and the lots sold.

It is the intention of Governor Haskell and the commission to use as much Oklahoma material in the construction of the capital as possible. A great deal of granite from Granite, Okla., will be used. Home labor will be given preference.

Work Fast.

The commission will work as fast as possible, and it is the opinion of the best informed men concerning building of the capital that it will be completed ready for occupancy within two years.

"I doubt whether \$1,500,000 will erect as good a capital as Oklahoma should have," said one enthusiastic capital man Monday.

The capital of Texas cost \$3,000,000 and Kansas about \$2,000,000 and other states in accordance. Several of the states have spent as much as \$4,000,000 for their statehouse.

A number of business men, who have investigated the capital proposition, believe with \$1,500,000 and by economizing and using home material and labor, a splendid capital can be built.

Killed by Lightning.

Guymon, Ok., June 27.—While O. R. Shirley was stacking wheat for John Burch a bolt of lightning killed him instantly. He was working seven miles south of town when the fatal shock occurred. Mr. Burch was unloading a large barge at the time and was severely shocked, although not dangerously. The stack of wheat was recovered from the fire. Shirley was 35 years old and leaves a wife and six children.

MURDERER BATTLES WITH TROOPS

GEORGIA MAN DEFILES LAW AND MILITIA TO THE LAST MINUTE.

KILLS THREE OFFICERS

Declaring He Would Never Be Taken Alive, Bostwick Surrendered Only to Death.

Irwinville, Ga., June 27.—Casualties of the battle with W. H. Bostwick, the Georgia desperado, are as follows:

The dead:

J. P. McInnis, sheriff, Irwin.

STEVE DAVIS, chief of police, Oscilla.

DEPUTY SHERIFF SHEFFIELD, Irwin.

W. H. BOSTWICK, victim of shots fired into his home.

The injured:

James Gill, seriously wounded in final battle today.

Deputy Sheriff T. C. Bass, arm broken and shot in abdomen.

Deputy Sheriff Wyatt Tucker, injured slightly.

Defiant to the Last.

Fanatically defiant even while the shadows of death closed around him and volley after volley from the new Springfield rifles of two state militia companies made a sieve of the walls of his humble cottage W. H. Bostwick, the white desperado who observed his last Sabbath by the murder of three officers of the law and the serious wounding of three others, paid the penalty of death shortly after 5 o'clock this morning. He succumbed to many wounds received from volleys fired into the building early in the night by a mob of militia, which began an attack after 4 o'clock this morning.

Heroic Work of Sheriff.

Almost at the same moment Sheriff J. P. McInnis of Irwin county, who was wounded yesterday while making a desperate attempt to remove a wounded fellow-officer from the range of Bostwick's deadly fire, expired.

James Gill, another officer was added to the list of wounded during the early morning fusillade, but it is believed he will recover.

Surrounded by his six little children whom he held prisoners almost to the end of the siege, Bostwick, who had declared the intention of dying rather than submit to arrest on the charge of attempting to murder his brother-in-law because of a dispute growing out of the settlement of his wife's estate, fought the battle to the last ditch, and not once did a word or sign of surrender pass his lips or appear in the expression of his determined features.

Knowing that death was near, the desperate man finally permitted the fear-stricken children to leave the house, but the children, remembering the harrowing experiences of the night, still held their father in such fear that they would not reveal one incident of the night even after they were under the protection of the military officers.

The battle of last night was one of the bloodiest and most picturesque in the history of the state.

Battle Began Sunday Morning.

The affair began Sunday when an officer went to arrest Bostwick. He stood off the officer and said he would not ever be taken alive. At 2 o'clock Sunday afternoon Sheriff McInnis and a posse went after him. As the officers approached the house Bostwick opened fire. Chief of Police Davis and Deputy Sheriff Sheffield dropped dead and Sheriff McInnis and two other deputies fell, badly wounded.

A new posse was formed and another attack made, but the men learned that Bostwick had abundant arms and ammunition and appealed to the governor for troops. Gov. Brown and Adj. Gen. Scott ordered two companies to Oscilla. The Fitzgerald guards were the first military company to appear on the scene.

Soldiers Fire Volley.

Bostwick still refused to surrender or to permit the children to leave the house and Capt. Delang ordered his men to fire a volley into the roof of the cottage, following which another demand for surrender and release of the children was made on Bostwick, who replied with a shot

from one of the three weapons with which he was armed. Then came another volley from the soldiery, which caused Bostwick to ask that the lives of the children be not endangered.

Children Run from House.

The children were finally induced to run from the house and the cross fire between the besieged man and the soldiers continued at intervals until the arrival of another company of troops.

A rush upon the building was then made from all directions. The doors were broken open and Bostwick was found upon the floor dying.

Immediately following Bostwick's death a coroner's jury was impaneled to investigate the tragedy. The verdict was that Bostwick killed himself in order to prevent being captured. Whether he died from self-inflicted wounds or received the wounds during the night may never be known.

WATERS-PIERCE CASE UP AGAIN TODAY

Defendant Trying to Show That They Are in No Way Violating the Law.

Enid, Ok., June 27.—The case against the Waters-Pierce Oil Company whereby Attorney General West is seeking to enjoin the defendant from doing business in Oklahoma came up today before Judge Garber of the District Court on continuance.

The defendant again presented a motion for a continuance and affidavits from numerous managers and agents relative to the conduct of its business, endeavoring to show that it is in nowise violating the laws of the state.

Arguments on the motions to continue and on the admission of the affidavits consumed the time of the court all day, and the case was adjourned until tomorrow.

Prof. J. A. Craig Appointed.

Guthrie, Ok., June 27.—Prof. John A. Craig, formerly of the Oklahoma Experimental Station at Stillwater, has been designated by the federal department of agriculture for research work in the wool and sheep industry throughout Southern states, with headquarters in San Antonio. Prof. Craig has a ranch near that city.

1907-08 ELECTION LAW IN EFFECT

Registration Not Required Only in Cities of the First Class.

Oklahoma City, Ok., June 27.—The 1907-08 election law of Oklahoma is in effect and that registration is not required except in cities of the first class is held by Will Linn, secretary of the state election board. The ruling was brought out today by the receipt of a circular of instructions being distributed by the election board of Adair county, in which it was held that registration was necessary in every voting precinct of the county. The 1910 election measure has yet to be referred to the people, according to Linn, and it therefore did not repeal the 1907-08 statute.

175 Feet Brick Front.

Construction is progressing rapidly on the 175 feet frontage of brick and concrete business buildings on East Main and West 12th. Those buildings are the Odd Fellows 25 by 100 feet, two stories, R. S. Tobin's 50x100, two stories, Mayor L. J. Little and Lee Dagg's 50x100 feet, two stories, all on west 12th street and County Commissioner John D. Rindard's 50x100 feet one story, East Main street.

ROWDY STUDENTS ARE FINED.

Only Defense Offered by Young Germans Was Excessive Drinking.

Berlin, June 27.—The result of the trial of a number of Bonn students who were charged with rowdy conduct endangering life, is that fines of from \$7.50 to \$20 have been inflicted on the thirteen students incriminated. The only defense the students had to offer was that they were so drunk they did not know what they were doing. The lightness of the punishment has excited great dissatisfaction among the bourgeois classes, who see in it an undue favoring of the aristocracy.

An ignorant ballot is a dangerous ballot. As dangerous in kind as the bomb of the anarchist is the ballot of the illiterate voter. In a land where men have died for popular government we dare not put a weapon into the hands of incompetents to destroy the results of years. No one would argue that any nation should be governed by an illiterate king yet in our politics where every citizen is a sovereign there are uncounted thousands of voters whose only knowledge of the ballot is of the emblem on its face. Such illiteracy is a weakening of government. It subtracts from intelligent administration and insures to our nation a weakened enforcement of law.

The negro race is to all intents and purpose an ignorant and vicious race. What has made the race thus ignorant and vicious we are not to suggest. We are discussing conditions not causes. The grave condition that confront our electorate is a race devoid of sufficient enlightenment to use a ballot intelligently, when that ballot represents at all times the emblem of sovereignty. What can be the future of popular government when there are thousands of illiterate voters, the ballot of any one being sufficient to nullify the ballot of our most intelligent statesman?

If the negro is capable of self-government then the history of the ages is a repetition of Res. From Ramesses to Roosevelt no negro nation has ever been given to the world. The dynasty. It has never produced a single warrior. It has never bred a single statesman. It has never formed or known a government of any character and the only authority it has ever acknowledged has been the authority of some alien race.

Cherokee Has Good Rain.

Cherokee, Ok., June 27.—A good general rain over this county today made for the year an ideal crop condition. It came just at the time growing corn needed moisture and fell just as harvest of wheat was finished. The wheat harvest has been the most remarkable in the history of Oklahoma. The first load of 1910 threshed wheat was marketed here Saturday. It tested sixty-four pounds and made an average yield of thirty-eight bushels to the acre. A number of fields in the salt Fork Valley have produced forty bushels. The wheat yield the county over will be in excess of thirty bushels to the acre. The rain of today will make the third crop of alfalfa ready for cutting in a week and in the county over five crops will be cut this year.

FALLS 172 FEET

ON PAVEMENT

Gets Up and Walks Away Not Hurt
Only Bruised a Little.

Spokane, June 28.—David Danielson, 20 years of age, who fell from the top of the new Morrison theater building here, a distance of 172 feet, without serious injury on June 17, has returned to work on the structure. Danielson tripped over a coil of rope on the roof and pitched headlong to the pavement, where he landed in a wheelbarrow. Before those who saw the descent could rush to his aid, he arose to his feet and walked to the office of Dr. Stanley H. Titus, where he calmly stretched out on an operating table to ascertain the extent of his injuries. A cursory examination showed that no bones were broken, and when Danielson learned this he walked to his sister's home and invited her to dinner in a restaurant, where he did justice to a meal that would satisfy two men of ordinary appetite. Danielson says the gash over the left eye is the only thing that caused pain, adding that the sensation of the hurried flight through space amply repaid the after inconvenience by reason of a closed optic.

"My Daddy Is a Grand Old Man."

Spokane, Wash., June 27.—"My Daddy Is a Grand Old Man," was the spirit of special sermons by several pastors in Spokane churches on the occasion of Fathers' Day, June 19, and many endorsed the movement, originated by Mrs. J. B. Dodd of this city, by wearing red roses in their coat lapels. Mayor Nelson S. Pratt declined to issue a proclamation, calling upon the residents of Spokane to observe the day, giving as his reason that he has no desire to stand sponsor. "Besides," he added, "we already have enough special days." This, however, did not deter Mrs. Dodd in her ambition. She broached the plan to a number of ministers of the gospel and others, asking: "With all due respect to mother, what is home without a father?" The answer came full and strong: "Come to think of it, we're some pumpkins after all. We've been overlooked for many years. Let's take our light from under the bushel. We'll celebrate! We'll have a real holiday." They did and in doing they placed dad upon a high pedestal, not head of the house, king for a day. Mrs. Dodd is working to extend the movement all over the nation.

THREE LIVES LOST

ON BURNING STEAMER

The Escape of the 1500 Passengers
Regarded as the Greatest Miracle
in the Annals of Mississippi
Navigation.

LaCrosse, Wis., June 26.—Three persons lost their lives and almost three score were injured in the destruction by fire of the Acme Packet company's excursion steamer J. S. between Victory and Genoa, 24 miles south of LaCrosse, on the Mississippi river, late last night.

Fifty are estimated to have received cuts and bruises of minor nature.

The escape of all but a handful of the 1,500 passengers who thronged the decks of the big boat when fire broke out, is regarded as the greatest miracle in the annals of the upper Mississippi. Prompt work by the crew and by cool-headed passengers in controlling the frantic passengers, is all that prevented hundreds of people from jumping into the river in mid-stream. Mrs. Emma Randall of New Albion, Ia., was the only one who broke through the guard on the edge of the decks, and 20 men had arms outstretched to grasp her when she plunged into the water. Her body has not yet been recovered.

John Plaine was locked in the hold for disorderly conduct and in the excitement no one thought to release him. His body is undoubtedly in the river bottom with the steamer, which sank after burning to the water's edge.

HOW WE SHOULD CELEBRATE THE FOURTH

The question today is, how should the Fourth of July be celebrated? The manner in which it is celebrated, many declare, is not in entire keeping with the spirit of the day nor the comfort and pleasure of the majority of citizens.

Those who would reform the manner of celebration say the day should be kept not so much in remembrance of the feats of American arms as for the spirit of liberty and progress. It should be a true festival without forgetting the claims of the young; gatherings at which the progress made in all lines during the past year could be reviewed. There should be oratory and speeches in every community with an effort to make the celebration more like the early observance of the day. They should be less military in character than formerly. And, quite as important, there should be no monster concerts and entertainments where nobody has a good time, but divers assemblages where everyone can enjoy himself.

The day should be ushered in with martial music and sufficient military display to be in keeping with the spirit of the occasion, but orations, feasts and banquets, exercises for children and public gatherings should be the real features of the celebration. In the evening there should be fireworks, the less noisy and the more spectacular the better.

When the day is celebrated in this way there will be no occasion for people of refined taste and sensitive nerves to leave the city to escape the noise and crowds, say the reformers. In fact, the celebration just proposed will attract rather than disperse them. And if Maxim's new noiseless gun is adopted there is no reason why the problem of a safe sane sane Fourth cannot be solved for all time.—Ex.

*Dear
Madam*

You appreciate how uncomfortable the kitchen is these warm days? It will be worse as you advance further in the summer. Why not use electricity and be cool? You can cook, bake, operate your sewing machine, wash and iron. In fact, there is nothing which cannot be accomplished with electricity that is accomplished by either gas or an ordinary range. It is odorless, no heat, no smoke, simply press the button and we do the rest.

HUNDREDS DIE OF PLAGUE

Among the Enlightened Neighborhood
the Death Rate Low Because of
Proper Sanitation.

El Paso, Tex., June 27.—An epidemic of smallpox has been raging in the district of Ouzumba, northern Chihuahua, Mexico, for several months, and the people have been dying by the hundreds. This has been known for some time, but the extent of the epidemic was not known until today, when the people made an appeal to the governor at Mexico City for medical officers and soldiers to enforce quarantine laws. The Mormon colonies are located in this region, but not a single Mormon has died, showing the results of proper treatment and sanitation, for many Mormons have had the disease during the epidemic.

THREE BIG CONCRETE BUILDINGS FOR TOWNSEND

Greenville Man Will Probably Let Contract Today or Tomorrow.

F. J. Phillips of Greenville, Tex., will soon erect three big concrete buildings on his lots on Townsend between the Allen livery barn and the Haynes hardware building. It is reported the contract will be let either today or tomorrow. Doubtless Mr. Lassater, the compress superintendent will supervise the construction of the buildings, which will be a great improvement to that part of the city. Mr. Phillips is already closely identified with the financial interest of Ada, owning good real estate lots and business houses, besides his interests in Choctaw Cotton Oil Co. and First National bank stock.

MISS KATZ WEBS IN OKLAHOMA CITY TODAY

One of Ada's Most Popular Young Ladies Won by Prominent Young Merchant of Corpus Christi, Texas.

Miss Bessie Katz, accompanied by her father and mother, Mr. and Mrs. Ben Katz left yesterday afternoon for Oklahoma city where Miss Katz will be married to Mr. Theodore Kaplan of Corpus Christi, Tex. The wedding will occur this afternoon at six o'clock in the Lee-Huckins hotel. From Oklahoma City the happy couple will depart on their honeymoon, going to Kansas City, St. Louis, Chicago, Minneapolis and New York City. From New York they will go to Corpus Christi to make their home. Miss Katz will be greatly missed in social circles in Ada. Corpus Christi's gain is Ada's loss.

REV. STUBBLEFIELD BELIEVES LAW CAN BE ENFORCED

Refers to Two Classes, One Who Wants Enforcement, the Other Violations; Cites Success of Good Sheriff of Bryan County

There are two classes of people in every community. One class is for law enforcement and for the greatest good to the greatest number. The other class is for self and selfish interest and against being restrained from his interest, regardless of the rights of others.

Some good people are indifferent about voting and using their influence to get good men elected to fill the offices that have to do with law enforcement. The other class, as a rule, are wide-awake and at work to help elect men that will help them in the violation of the law.

We have enough good people to elect good men if all will take an interest and go to work in earnest.

It is argued that we can not enforce the prohibition law. That depends upon the kind of officers we have and the sentiment back of the officers. I lived in Durant eight years and when Clipper Hamilton was elected sheriff, to my personal knowledge, he closed up the open houses that were running in violation of law and caused many of that class of people to leave the town. Proof that he has enforced the law is that the whiskey element is trying hard to keep him from being elected the second time. They are using all kinds of argument against him. Why? Because he has interfered with their business. So it is in our county, the men who are for law enforcement are being misrepresented. Much depends upon the good people getting busy.

Notice to Property Owners.

All property owners in the city of Ada are hereby ordered to have all weeds and other obnoxious growth on their premises cut and burned. Also their premises must be cleared of all rubbish. If this order is not obeyed by July 6th, the city will have same done and charged against the property owners.

ADA'S CHAUTAUQUA IS THE BEST

LARGEST AUDIENCES—MOST APPRECIATIVE PEOPLE—EXCELLENT NUMBERS.

THE LAST PROGRAM TONIGHT

Seven Days and Nights of Intellectual Feasting Ends This Evening.

The Chautauqua comes to a close tonight with the De Koven Male Quartet and Hon. I. M. Holcomb on the program. That today's program will be highly entertaining and instructive, something to be enjoyed and appreciated even as the past numbers have is already assured.

Now as to what the Chautauqua has done, the real benefit derived from its having been, that can not be measured in dollars and cents. However it has been a great success and consequently a good advertisement for the town. From the platform two of the lecturers, the most experienced and the best have said that the audiences were the largest they have met in Oklahoma.

That the Chautauqua spirit will grow, there is no doubt, till it will be said that Ada not only gives the largest audiences in Oklahoma but as large as found anywhere in the South. Every number has been a good one, every man and woman if not a genius, at least an artist. The music, readings, recitals, and lectures have been ennobling, inspiring and uplifting, and cannot but leave a lasting impression for the good.

Yesterday afternoon, while the weather was somewhat warm, the Chautauqua patrons were out on time to hear the Columbia orchestra and were loud in their praise of this company, not only because the program was good, the music real music, but because the talent was Oklahoma talent that places Oklahoma on equality with other states and countries.

Col. G. A. Gearheart's lecture bristled with eloquence and logic, poetry and persuasion in which he pictured the coming man as one who will be honored and respected for what he gives humanity and not for what he takes from them, leading his audience to realize that there are greater achievements for the man and the woman in the future, greater possibilities.

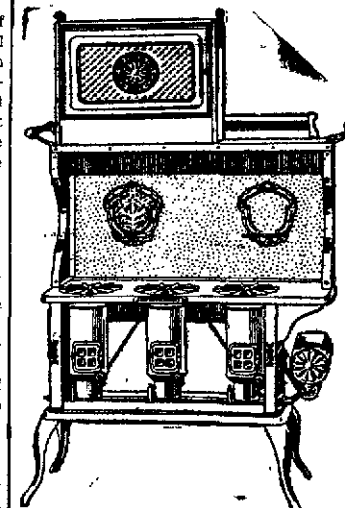

Wants to Start a Creamery.

Jos. A. Zettell, the new proprietor of the Purify Ice Cream company, informs us that if he can interest a sufficient number of farmers in the project, it is his intention to install an up-to-date creamery in Ada. In other localities where the cream separator has taken its place alongside of the other machinery of the farm, the creamery has become one of the paying industries, run to the profit of both the town and the farm. There is no question but that, where a market is provided, the cow is one of the paying assets of the farm. The News wishes Mr. Zettell success in this new venture.

THREE BANDITS HOLD UP TRAIN

Robb Every Passenger of Valuables and Some Are Given Beatings.

Ogden, Utah, June 27.—The Ogden Short Line passenger train No. 1 was held up at Five Points early this morning and every passenger on the train was robbed of valuables.

The robbers boarded the train at Ogden and held up the passengers soon after the train left the city limits. The rear brakeman was shot at twice, but he escaped injury.

A woman was badly beaten and an unknown man, a foreigner, was also severely beaten. The bandits, three in number, struck down every one who offered the slightest resistance.

The express messenger was compelled to give up his keys and the express car was searched. One of the robbers remarked that they knew there was no money in the car, but that they would make a search anyhow.

Sheriff Wilson and posse are now in pursuit of the robbers.

\$1,400—Worth \$1,700.

A modern passenger train was held up at Five Points early this morning and every passenger on the train was robbed of valuables.

BURGLAR BINS AND GASS YOUNG WOMEN

After Getting Jewelry and Money, Releases Victims and After Thanking Them Says Good Night.

Oklahoma City, Ok., June 27.—A burglar entered the room in a flat occupied by two young ladies, bandaged their mouths with strips of a pillowcase, tied their hands to the bed post and spent an hour ransacking their belongings in search of valuables.

He found two diamond rings, one pearl ring, two gold watches and \$25 in money. He left the room at 3 a. m. after releasing the young women, thanking them for remaining quiet and bidding them goodnight. He was masked, and has not been identified.

The young women are nearly prostrated by the shock. They are the daughters of a wholesale merchant.

A FIRE IN ROFF YESTERDAY

Dr. Meredith Loses Barn, Hay and Grain—Has a Horse Scorched by Flames.

Sheriff Smith reports an exciting fire at Roff yesterday which destroyed Dr. Meredith's barn, his hay and grain stored there and came very near burning up one of his horses.

How the fire originated is not known, when seen by Mr. Smith the flames were well under way. He gave the alarm, the fire department and citizens rushed to the scene in time to prevent further spread of the fire. The barn with its store of hay and grain was burned to ashes in short time and a horse came very near being burned alive, being badly scorched before it could be rescued. Dr. Meredith's loss is probably about \$500.

HEAR HON. I. M. HOLCOMB TONIGHT

NEVER LET IT BE SAID THAT YOU DID NOT SEE A SINGLE NUMBER OF ADA'S FIRST CHAUTAUQUA.

The Chautauqua program will be concluded this (Tuesday) evening, when the De Koven Orchestra will appear, after which, there will occur a lecture by the Honorable I. M. Holcomb.

Last afternoon the Columbia orchestra appearance constituted the program and at night following a prelude by the Columbia Orchestra there occurred a lecture by the distinguished Col. G. A. Gearhart.

All who have not as yet acquired tickets for the program this evening may secure the same at Ramsey Drug Co.'s store or from the door keeper at the city hall.

If you have not as yet attended the Chautauqua you are strongly urged to do so, for not only will your money's worth be forth coming, there will as well be the agreeable consciousness that duty has been done and the educational and Ada co-operation spirit upheld.

Don't Delay.

Let us show you the Dan Hays addition today. Prices reasonable, terms easy—without interest.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Disinfectiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE COLUMBIAN ORCHESTRA

Satisfactory Appearance; One of the Members, Young Musical Genius, Charlie Chauncey of Ada.

The Columbia Orchestra constituting the Chautauqua program for Tuesday afternoon and in prelude to the lecture of Col. G. A. Gearhart Tuesday evening played to responsive appreciative audience on both occasions.

While the gentlemen constituting the Columbia Orchestra appear to be quite young men, they possessed all the attributes of the trained, cultured professional orchestra. There was especial appreciation of the Columbia Orchestra by the Ada folks since one of its most promising members was Mr. Charlie Chauncey, a popular home boy and the son of Hon. C. M. Chauncey, Grand Secretary of the Grand Lodge I. O. O. F.

DEMOCRATIC RALLY AT CENTER LAST NIGHT

The candidate rally at Center last night was well attended both by the candidates and the people of Center. A full house listened to the candidates present their claims, a good many ladies being present. Three minutes each were allowed the speakers excepting those who were running for county judge and county attorney who were given ten minutes. The meeting passed off quietly and to the satisfaction of all present.

Relatives Attend Burial.

Mr. Jessie Morris of Alex, Okla., and Tom Farmer and wife, of Bonham, Tex., attended the funeral of father, W. H. Morris, who dropped dead at Tupelo last Friday and was buried at his home in Ada Saturday.

Huge Skeleton Found at Geary.
North was digging a hole on his farm three miles southeast of town, he found the large bones and tusks of an animal that had evidently been dead and buried many years. The jaw bones were three feet long and the tusks were twenty-seven inches in diameter.

Why Salves Fail to Cure Eczema.
Scientists are now agreed that the eczema germs are lodged not in the outer skin, or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A third bottle of this D. D. D. Prescription, only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patrons.

Notice to Paving Contractors.

Published June 21st to July 1st inclusive, 1910.

Notice is hereby given that in pursuance of a resolution adopted by the Mayor and City Council of the City of Ada, Oklahoma, on the 20th day of June, 1910, sealed bids will be received at the office of W. B. Jones, City Clerk of Ada, Oklahoma, up to 8 o'clock A. M., Saturday, July 2nd, 1910, and will be considered by the Mayor and Council in the Council Chamber in the city hall building at eight o'clock A. M., on July 2nd, 1910, for the paving, necessary grading, curbing, guttering and draining of Main street from the East line of the M. K. & T. railway right-of-way to the West line of Stockton Ave. to be paved a total width of sixty-eight (68) feet from face of curb to face of curb, and on Main street from the West line of Stockton Ave. to the West line of the St. Louis and San Francisco railway right-of-way to be paved a total width of forty (40) feet from face of curb to face of curb; Townsend Ave. from the North line of Twelfth (12th) street to the North line of the Saint Louis and San Francisco Railway right-of-way, to be paved a total width of fifty-six (56) feet from face of curb to face of curb. Broadway Ave. from the north line of Twelfth (12th) street to the north line of the Saint Louis and San Francisco Railway right-of-way, to be paved a total width of sixty-eight (68) feet from face of curb to face of curb. Each and all of said streets and avenues being in the City of Ada, Okla., and that the material to be used in the paving of the roadway of said street shall be a two (2) inch Rock Asphalt wearing surface with a five (5) inch Portland Cement Concrete Foundation and that the necessary grading to be done and catch basins, concrete curbing and guttering and draining to be constructed therefore in accordance with the plans and specifications prepared by the City Engineer and adopted by the Mayor and City Council on the 20th day of June, 1910, and now on file in the office of the city clerk.

Each bid must be accompanied by a certified check in the sum of five (5 per cent) per cent of the amount bid, to be forfeited to the City of Ada, Oklahoma, in case the successful bidder fails to enter into contract and give the required bond within the required time. Contractors will be required to give bond in the sum of price for the material, paving or curbing work, and the holding the City harmless from any and all damages which might occur. The Contractor will also be required to give bond in the sum of ten (10 per cent) per cent of the contract price for the keeping of the paving in a good state of good repair for a period of not less than five (5) years.

Contractor shall receive for the above work Street Improvement Bonds at par value against the abutting property according to House Bill No. 231 of the State of Oklahoma, dated April 17th, 1908, and a certain amendment to said law known as House Bill No. 401, of the State of Oklahoma, dated March 23rd, 1909.

Council reserves the right to reject any and all bids.
